Consultations

We work with researchers to help them accomplish their research goals.

```
consulting_obs %>%  
  group_by(year = year(start_date_time)) %>%  
  summarize(consults = sum(n())) %>%  
  ggplot(aes(reorder(year, -consults), consults)) + geom_col(  
    coord_flip() +  
    scale_fill_manual(values=cal_palette("kelp1")) +  
    labs(x= "Year", y="Consults") +  
    theme(axis.text.x = element_text(angle = 45, size = 10, h  
    theme_minimal()
```
